Supplemental Type Certificate

Number: ST12330AT

This certificate issued to: Delta Flight Products, LLC.
3980 Tradeport Blvd, Bldg. 1200
Atlanta, GA 30354

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product

Type Certificate Number: ***

Make: ***see Approved Model List (AML)

Description of Type Design Change:

Model: ***see Approved Model List (AML)

Installation of Portable Emergency Locator Transmitter in accordance with Delta Flight Products FAA Approved Model List 24D10AML001, Rev A, dated May 01, 2026. This includes FAA Approved 24D10R009, Rev - Instructions for Continued Airworthiness (ICA), dated October 27, 2025 or later approved revision, (Cont'd)

Limitations and Conditions:

1) This installation must not be incorporated in any aircraft unless it is determined that the interrelationship between it and any FAA previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. (Cont'd)

This certificate and the supporting data which is the basis for approval must remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: 9/8/25

for Michael P. Linegang
Manager, East Certification Branch
Compliance and Airworthiness Division
Aircraft Certification Service

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Effective Date: _____

Description of Type Design Change: (Cont'd)

defined per the associated configuration's Master Data List (MDL) 24D10MDL001 Rev. B, dated May 01, 2026, or later FAA Approved revision.

Limitations and Conditions: (Cont'd)

- 2) A copy of this AML Supplemental Type Certification (STC) must be included in the permanent record of the modified aircraft.
- 3) If the holder agrees to permit a person to use this certification to alter a product, the holder must give this person written evidence of that permission.
- 4) Delta Flight Products Instructions for Continued Airworthiness (ICA) 24D10R009, Rev -, dated October 27, 2025 or later approved revision is a required part of this AML STC for the Airbus fleet aircraft and must be incorporated into the operator's maintenance program.

Certification Basis:

Based on 14 CFR §§ 21.115 and 21.101, and the FAA policy for significant changes in FAA Order 8110.48A, the certification basis for the Airbus fleet aircraft listed in FAA Approved Model List No. 24D10AML001, Rev A, dated May 01, 2026, is as follows:

- a. The type certification basis for each Airbus aircraft model identified in the AML is as shown on its respective FAA Type Certificate Data Sheet (TCDS) for parts not changed or not affected by the change.
- b. The certification basis for parts changed or affected by this modification since the reference date of application, September 08, 2025, is based upon 14 CFR Part 25 at Amendment 25-141. This amendment level was selected to encompass all aircraft models listed in FAA Approved Model List No. 24D10AML001, Rev A, dated May 01, 2026, and was applied consistently across all models for changed or affected parts. Based on 14 CFR §§ 21.115 and 21.101, and the FAA policy for significant changes in FAA Order 8110.48A, the certification basis for this modification was determined to be: (Cont'd)

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
